

**Instructions:**

**This is a self-lead activity. You are on your own!**  
**Be safe and travel in small groups if possible.**

1. Find the start/ finish at the end of front of the lodge fence.
2. Orient your map to the North and face North. **The top of the map is always North.** If you have a compass the red part of the compass needle points North so turn your map until the red needle points to the top of your map. If you don't have a compass, North is the direction of the lodge from the start (the Hwy is always N from the ski hill). Rotate your map so the top of the map aligns with North and **always keep it that way.**

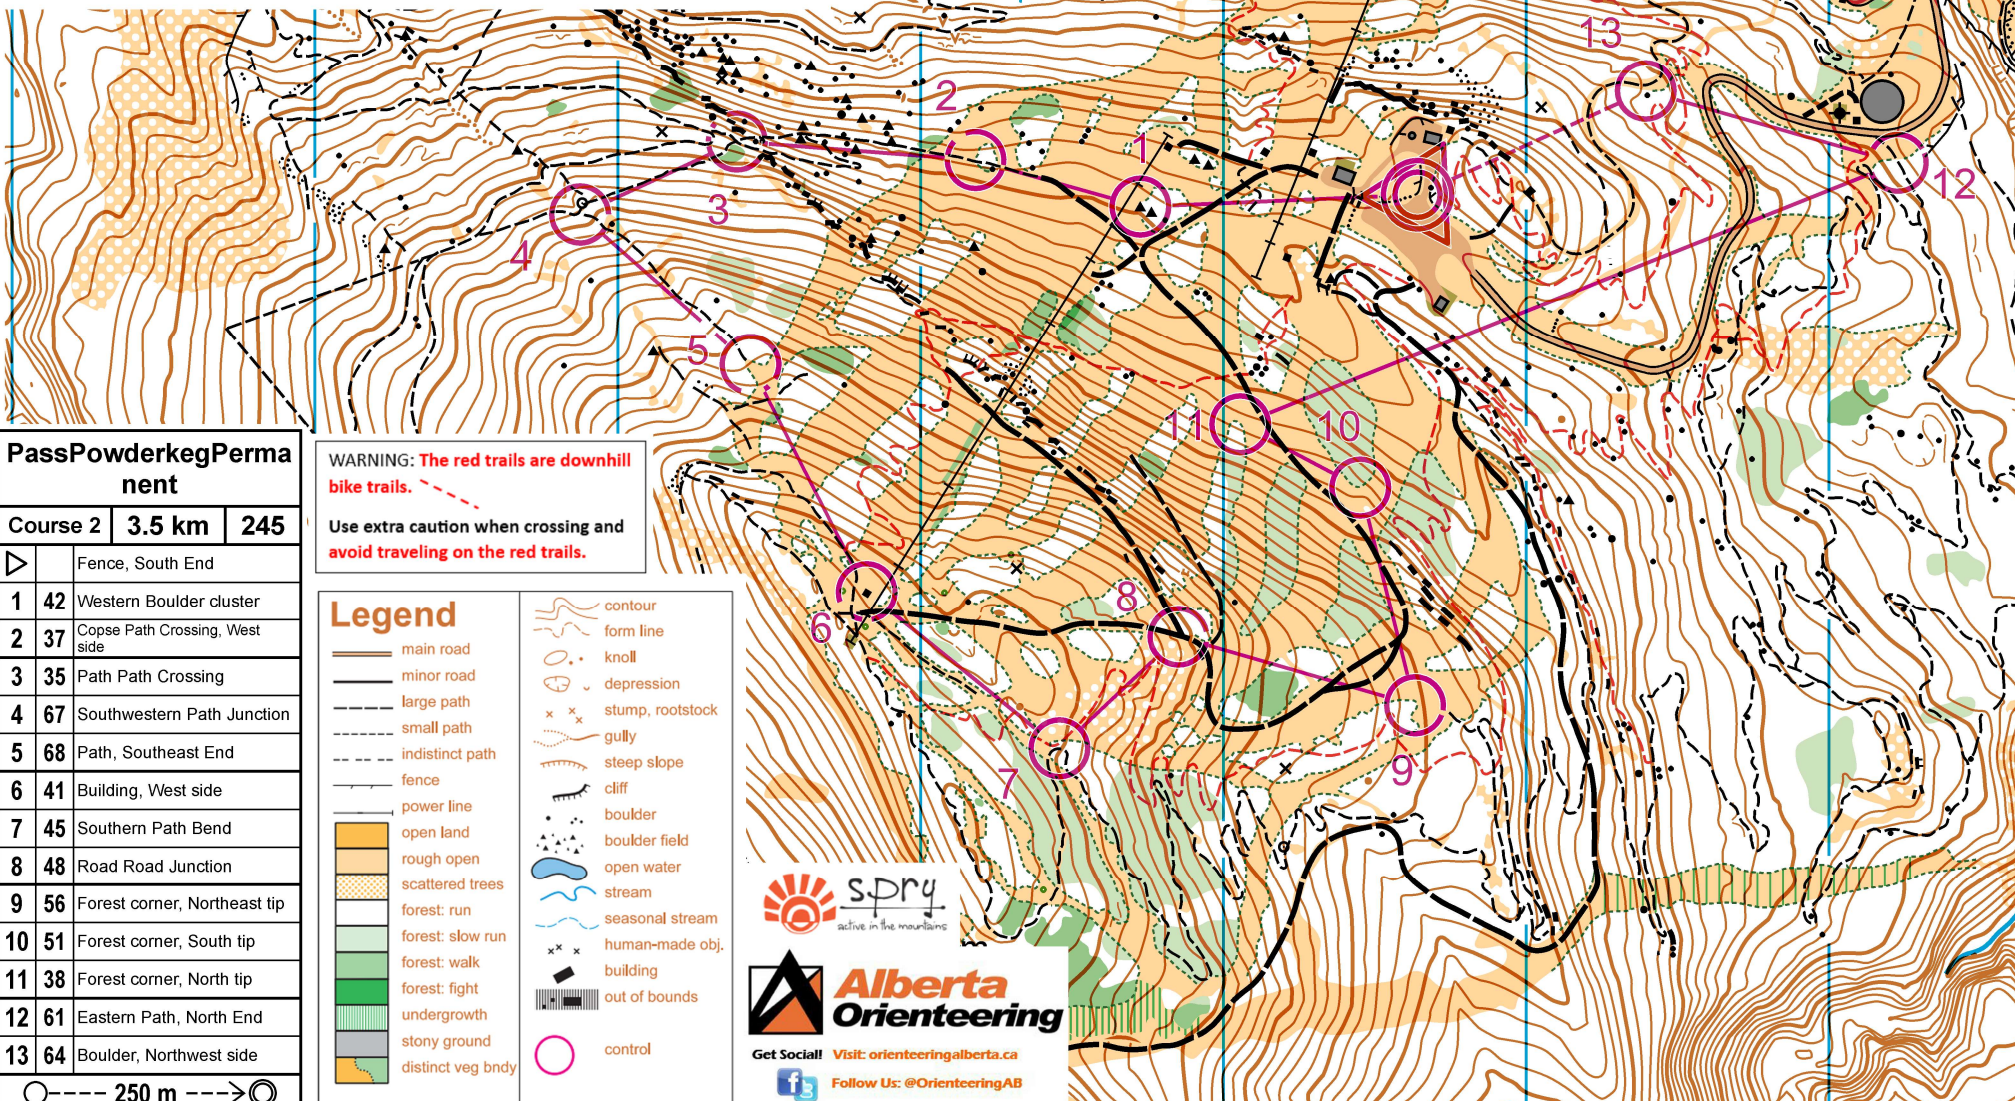

Scale 1:7500  
 (1cm on the map is 75 meters walking)  
 Contour lines: 5 m elevation difference

3. Make a plan to get to your first control. Look at legend and big features which help you identify where you are (e.g. buildings, trails, intersections). Find your control. Check if the control number matches the code on your map (e.g. control #1 is the path and has code 63 on it). Once you find the control make sure to orient your map to the North and make a plan on how to get to your next control.
4. Repeat these steps until you find all of the controls and arrive at the finish.

If you can't find a control return to the control you found previously and try it again. Go slow and stay in touch with the map: always keep track of where you are by checking for features as you follow your route.

Always keep your map oriented to the NORTH!

**Course 2 | 3.5 km | 245**

▷		Fence, South End
1	42	Western Boulder cluster
2	37	Copse Path Crossing, West side
3	35	Path Path Crossing
4	67	Southwestern Path Junction
5	68	Path, Southeast End
6	41	Building, West side
7	45	Southern Path Bend
8	48	Road Road Junction
9	56	Forest corner, Northeast tip
10	51	Forest corner, South tip
11	38	Forest corner, North tip
12	61	Eastern Path, North End
13	64	Boulder, Northwest side

**WARNING: The red trails are downhill bike trails.**  
 Use extra caution when crossing and avoid traveling on the red trails.

**Legend**

- main road
- minor road
- large path
- small path
- indistinct path
- fence
- power line
- open land
- rough open
- scattered trees
- forest: run
- forest: slow run
- forest: walk
- forest: fight
- undergrowth
- stony ground
- distinct veg bndy
- contour
- form line
- knoll
- depression
- stump, rootstock
- gully
- steep slope
- cliff
- boulder
- boulder field
- open water
- stream
- seasonal stream
- human-made obj.
- building
- out of bounds
- control
