Total Points	6048.9	6828.6

Legend:

Leading Female in Division
Leading Male in Division

Notes:

- Apprentices are defined as racers whose first advanced course forest event was in 2005 or later OR who have raced in less than 12 advanced course forest (A or B) events in their lifetime prior to the 2008 season. Experts are all others.
- Relative O-Speed Factors have been borrowed from the Calgary Grand Prix of Orienteering.
- The best 5 of 9 races will count towards a racer's total CRP. Both Male and Female Experts and Apprentices with the most CRPs at the end of the 9 race series will be crowned O-Cup Top Expert and O-Cup Top Apprentice, respectively. The overall point getter, regardless of gender or experience, will be honoured as O-Cup Grand Champion.
- Average RPs is based on the best 5 races only.
- Mo Jo reflects the racer's RP momentum. It is the difference between the RPs in their last race and their Average RPs.
- In an effort to encourage broad-based regional team building, the CRPs of the top 10 male and female Experts plus the top 5 male and female Apprentices will be totaled for the Northies and the Southies, that is for Alberta orienteers who have joined clubs residing in the 780 and 403 area codes respectively. Non-resident orienteers (i.e. visitors) will not be counted in the regional totals. The top region will win the coveted "Best Half of Alberta in 2008" award at the end of the season.
- Event organizers are shown with a 'Z' and will have their average CRPs substituted for their worst scores for each time they organized, to a maximum of 2 events. This will be calculated after the final event in the series and will be reported in the "Adjusted CRPs" to be used in all final calculations for regional and individual accumulated rankings.
