

# Instructions:

**This is a self-lead activity. You are on your own!**  
**Be safe and travel in small groups if possible.**

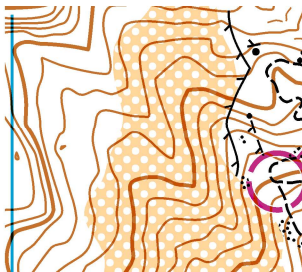

- Find the start/ finish at the end of front of the lodge fence.
- Orient your map to the North and face North. **The top of the map is always North.** If you have a compass the red part of the compass needle points North so turn your map until the red needle points to the top of your map. If you don't have a compass, North is the direction of the lodge from the start (the Hwy is always N from the ski hill). Rotate your map so the top of the map aligns with North and **always keep it that way.**

3. Make a plan to get to your first control. Look at legend and big features which help you identify where you are (e.g. buildings, trails, intersections). Find your control. Check if the control number matches the code on your map (e.g. control #1 is the path and has code 63 on it). Once you find the control make sure to orient your map to the North and make a plan on how to get to your next control.

- Repeat these steps until you find all of the controls and arrive at the finish.

If you can't find a control return to the control, you found previously and try it again. Go slow and stay in touch with the map: always keep track of where you are by checking for features as you follow your route.

Always keep your map oriented to the NORTH!

## PassPowderkegPerma nent

Course 3 | 6.2 km | 370

Course 3	6.2 km	370
▷	Fence, South End	
1	43	Southern Forest corner, West tip
2	37	Copse Path Crossing, West side
3	67	Southwestern Path Junction
4	31	Path Path Junction
5	32	Path Path Crossing
6	40	Path Path Junction
7	49	Path Path Junction
8	64	Boulder, Northwest side
9	61	Eastern Path, North End
10	62	Path Path Junction
11	60	Eastern Path Path Junction
12	59	Path Road Crossing
13	39	Path Bend
14	41	Building, West side
15	69	Forest corner, East tip
16	36	Boulder
17	48	Road Road Junction
18	56	Forest corner, Northeast tip
19	51	Forest corner, South tip
20	38	Forest corner, North tip
